Preparing: Surfaces must be dry and clean. Pull back one side of paper wrapper to expose mounting putty. Tear off a small piece of removable mounting putty from the stick and knead into ball.

Applying: Adhere removable mounting putty to the bottom of BUG to be mounted, filling in uneven bottom of bug so that putty protrudes and comes in contact with mounting surface.

Mounting: Press BUG firmly onto the mounting surface, such as a wall or a container.

Storage: Keep remainder of removable mounting putty wrapped and place in an airtight bag.
